GM report	<p>Club has been running for 18 months.</p> <p>Wow !! what a year it a has been – Looking back I never dreamt that we would be here like this tonight. As a club we have grown from nothing and we have passed some fantastic milestones in the last 18 months both big and small. And there are some very interesting stats that you will hear later on during the evening and I don't want to spoil the surprise by given too much away now.</p> <p>I am so proud of the Nemesis club, if you look at the screen you will see what we have achieved this year ... so much more that I thought we would, its great and it is all down to the commitment and support of you as players.</p> <p>I hope that we continue to grow and develop this coming season as wish us all as relaxing 'off season' !</p>
